

Wedding revelry

WEDDINGS ARE SUCH A GLORIOUS OCCASION – a celebration of love, commitment and loyalty. Making invitations and greetings for the special day doesn't have to be a headache. These simple designs can easily be adapted to almost any theme or colour scheme, or put your own spin on the concepts behind for a unique stationery addition that reflects your personality.

Sponsored by

Traditional

Ivory and silver are great options for a classic, elegant look and are seen as traditional colours for wedding stationery.

Method

- 1 Fold a Strathmore ivory greeting card base in half to form a vertically opening card.
- 2 Cut a section approximately 8mm off each side of the front of the card, then cut approximately 15mm off the bottom. Round the corners of the card front using a corner rounder punch.
- 3 Place the Jasart Made For You Wedding Sticker Invite (0335400), on the inside in the centre, so that the front of the card closes above the sticker.
- 4 Attach the Jasart Made For You Wedding Topper Silver (0335360) Rings and Bow in the centre of the card, at the top.

- 5 Write the bride and groom's names on the front of the card using a silver calligraphy pen or preferred marker.

- 6 Place two Made For You Card Topper Wedding Invite (0335390) pearl hearts down each side of the front of the card, then attach another one at the bottom of the card in the centre.

- 7 Print wedding details onto a 140mm x 190mm piece of silver vellum then attach it to the inside of the card using crystal flowers from the Made For You Card Topper Just For You (0335370).

Create matching Acceptance/Inability cards to go inside your invitation.

French doors

This fold is a great alternative to a standard invitation.

Method

- 1 Lay a piece of Strathmore cardstock flat, then fold each side into the middle so they meet.
- 2 Cut small squares from the corners of two 55mm x 160mm pieces of blue cardstock and attach one panel to each of the 'doors'.
- 3 Place a Made For You Silver Labels Wedding Invite (0335400) at the top of the left blue panel.
- 4 Attach a sticker with the date in the bottom right of the right-hand panel.

5 Place the two doves from the Made For You Small Felt (0334640) in the centre of the card, so that they 'kiss' when the invite is closed.

6 Attach the larger pink heart from the Made For You Small Felt Pack in the top right corner of the right panel.

7 Print or write the bride and groom's names on 50mm x 25mm pieces of ivory cardstock, then attach them under the doves.

8 Attach a 120mm x 160mm piece of blue cardstock to the inside of the card using double-sided tape.

9 Print the wedding details onto clear vellum and attach it to the inside blue cardstock, using the two smaller pink hearts from Made For You Small Felt (0334640), to hold it in place.

All of the supplies used in these projects are available from Jasco. For more information visit www.jasco.com.au
