

Canvas creation

SUMMER IS ALL ABOUT FUN IN THE SUN AND THE RESULTING ACTIVITIES provide great memories – and photos – that should be savoured in style! Take your scrapbooking out of the square and create a fabulous canvas creation to put on display all year through.

Sponsored by

The funky Jasart Made For You Summer range is perfect for scrapping fun-filled family adventures – and incorporating a canvas gives a great dimensional edge.

Materials

OTHER: Reeves gallery canvas, Jasart Made For You frames, chipboard stickers and embellishments, Reeves acrylic paint, Winsor and Newton Texture Gel, paintbrush, string, pencil.

Method

1 Using a pencil, lightly draw a wavy line along the middle of your canvas lengthways.

2 Mix Reeves Sand colour acrylic paint with Winsor and Newton Coarse Texture Gel. Paint the mixture onto the bottom part of the canvas.

Hot Idea

The coarse gel gives the grainy, dimensional effect of sand.

3 Using the paintbrush and just the Reeves Sand colour acrylic paint, paint the edges of the canvas.

4 Mix Reeves Cobalt Blue Hue acrylic paint with Reeves Titanium White acrylic paint, to get a soft blue colour for the sky. Continue mixing until you have the colour you like.

5 Paint the top of the canvas and the edges using the blue acrylic paint mix and the paintbrush. Painting the edges of the canvas gives a more professional finish. Allow to dry.

6 Use a small amount of Titanium White acrylic paint and the paintbrush, to create 'clouds'. To do this, use long, soft brush strokes randomly across the blue area.

7 Attach a 110mm x 75mm photo behind two of the Jasart Made For You frames using double-sided tape.

Mix up portrait and landscape photos for balance.

8 Attach Jasart Made For You chipboard stickers to the bottom and sides of the frames.

9 Attach the frames on either side of the canvas on a slight angle.

10 Attach the Jasart Made For You chipboard sticker 'Fun' (0335240) along the bottom of the canvas, slightly overhanging the bottom edge, for added interest.

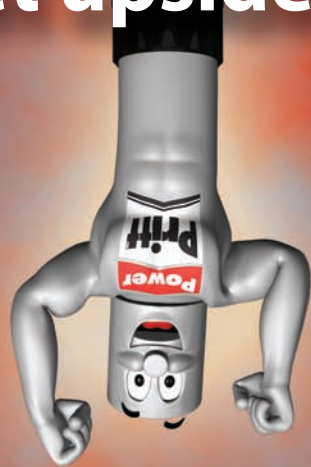

11 Embellish the rest of the canvas using embellishments from the Jasart Made For You Summer range, ensuring the embellishments are evenly placed.

12 Attach string or ribbon to the back of the canvas, and your summer fun project is complete and ready to be displayed!

All of the supplies used in this project are available from Jasco. For more information visit www.jasco.com.au

We're turning the market upside down

✓ Ideal for arts & crafts ✓ Non-toxic ✓ Multipurpose

Innovative bottle shape for wide or precise application
 Innovative top down bottle for immediate glue availability
 Extra-strong formula for powerful multipurpose gluing of various materials such as; felt, paper, cardboard, styropor, wood, metal, leather, glass, ceramics, plastics (not PP, PE, PTFE) & much more.

Available from all good scrapbooking stores.
